

The Learning Bridge Newsletter #1

Welcome to *The Learning Bridge*!

Co-funded by
the European Union

The Learning Bridge officially began in **December 2023**, uniting four European partners with a shared mission: to innovate **Vocational Education and Training (VET)** through **immersive technologies** such as **360° video** and **Virtual Reality (VR)**.

This project focuses on enhancing **healthcare training** by developing **interactive, open-access learning resources** that simulate real-life emergency scenarios. These digital environments allow teachers and students to experience realistic, safe, and engaging situations that strengthen both **professional** and **digital competences**.

Meet Our Partnership

Institut Cal·lípolis (Spain)

Project Coordinator

Leads the pedagogical design, ensures educational alignment of all outputs, and coordinates project management and quality assurance.

Campus FLX (Belgium)

Audiovisual & Dissemination Lead

Responsible for audiovisual production, testing of immersive learning materials, and leading the project's visual identity and dissemination activities.

Klaipėda State University of Applied Sciences (Lithuania)

Scientific & Clinical Expertise

Provides healthcare knowledge to ensure accuracy and realism in the learning scenarios.

NorthStone NV – OneBonsai (Belgium)

Technological Partner

Specialized in immersive learning and VR development, leading the technical design and implementation of the virtual environments.

Kick-off Meeting Highlights

The first **transnational meeting** took place in **Tarragona (Spain)**, hosted by *Institut Cal·lípolis*. During two days of collaboration, the partners defined the **project timeline**, **roles**, **communication strategy**, and **quality plan**.

The atmosphere was dynamic, creative, and full of European spirit — a true example of **cooperation in action!**

What's Next?

The next steps include designing the first **immersive learning scenarios** and testing them with healthcare students across Europe. Stay tuned for updates on how *The Learning Bridge* continues to connect innovation, education, and technology!

Follow our journey and discover how immersive learning is transforming healthcare education across Europe.
